Introduction

The WQ Series is built with high-quality aluminum/steel structures with silence enhance foam inside the cabinet, which absorbs the noise from equipment and keeps it from going out. It is a cost-effective solution for people who need a peace working environment. Also, six 120mm cooling fans with low rpm on the rear door provide excellent air circulation for servers and other devices. Cabinets are completely lockable from the front/ rear doors and side panels to prevent unauthorized access.
